BDCP 3-Party MOU Draft 30 April 2012.docx

Classification: UNCLASSIFIED

Caveats: NONE

This was my response. I was keeping it simple as Mark Ebbin is separately talking to Jewell on this and I didn't want to spend any time on it until the over my head conversations have ended. MJ agrees its premature as well, so that seemed like a safe comment to make.

In the new draft MOU, this step is checkpoint "e", while we just finished checkpoint "a". I've attached for your FYI, though it's still pretty draft and the checkpoints in particular still need work. Our 408 people in SPK are looking at it now.

I'm meeting with Cassandra today on the MOU, if this letter comes up in discussion my answer will be that Mark is talking with Mike and leave it at that.

My first thought is we're jumping the gun by a year or more.

Subject: Request for Concurrence on purpose statement for BDCP CM1

Mike and Mike - Thanks for meeting with us to discuss the USACE permitting for BDCP implementation actions. I noted one of the action items from that meeting was for DWR to draft a revised purpose statement for implementation of BDCP conservation measure 1: water operations and conveyance, based on the approach discussed in the meeting. Attached is a file with the revised statement as well as a letter to Col Leady requesting concurrence on the statements. Please review and let me know if you have any questions or comments.

Thanks much, Cassandra

Cassandra Enos-Nobriga
